## CONGRATULATIONS TO EVERYONE!

If you have achieved a CPAGB, a DPAGB or even the “not quite impossible” MPAGB, it is a magnificent achievement of which you should be truly proud.

If you have been unsuccessful, please don't be discouraged. Several people have achieved their goal after falling short twice, or even three times. Remember too, that the total score is not a valuation of your entry but a summation of Votes, which is quite a different thing. It is possible, for example to achieve as score 270 at DPAGB, which feels a long way short of the 300 required. However, this could be 15 pictures scoring 18 each. 18 is a near Miss and it can be a Very Near Miss with pictures which are the tiniest fraction below the standard required in content or quality of presentation!

Rod Wheelans MPAGB, Chairman of the Awards for Photographic Merit.

## ARE YOU READY FOR THE CPAGB?

The November 2018 Adjudication is already fully subscribed for CPAGB applications, but we have organised an extra "closed" Adjudication, with no audience, in September.

There are still vacancies at CPAGB only. You won't be able to watch but perhaps you can achieve your award much earlier than you thought.
