2. The Awards count to the Club where they were secured, even if the person has moved.
3. Some Clubs have changed their name and some have changed to another Federation but the Awards accrued prior to the change are included.
4. Awards in Audio Visual are included and a Joint Entry counts as two Awards.

FIRST IN THE FIELD

These are the people who were first to be presented with their badges and certificates. Of course, they were only first because they applied first, as indicated by their identity number. To this day, I am annoyed that I was one day late with my MPAGB application and thus became MP002 instead of 001. Anne Greiner, now MPAGB and now my wife, may feel the same about her CPAGB in 1994 which means that Michael Chambers, now MPAGB, was the very first person to secure a PAGB Award for Photographic Merit.
